BENEFICIARY DESIGNATION FORM
(RETURN THE COMPLETED FORM TO THE ADDRESS ABOVE.)

I. General: Upon your death, CalPERS, through our third-party administrator, will pay the account balance of your State POFF DC to the individual(s) you designate as beneficiaries in the percentage indicated on your Beneficiary Designation Form. A "primary" beneficiary will receive benefits upon your death. You may name more than one primary beneficiary, although it is not required.

Example 1: You name your spouse as primary beneficiary and indicate 100%. Upon your death, the spouse will receive the entire account balance.

Example 2: You name your brother as primary beneficiary #1 to receive 50% of your account balance, and your sister as primary beneficiary #2 to receive the remaining 50%. Upon your death, the account balance will be split equally between the two primary beneficiaries.

In addition, you may name a "contingent" beneficiary for each primary beneficiary. A contingent beneficiary will receive your State POFF DC benefit, *only if* the primary beneficiary is not alive.

Example 3: You name your brother and sister as primary beneficiaries. Your brother has a daughter that you name as "contingent" in the event of his death. Your sister has a son that you name as "contingent" in the event of her death. If both primaries (brother and sister) are alive at the time of your death, they will share in benefits. However, if one of the primaries predeceases you, the benefits that would have been paid to that primary will now be paid to the contingent beneficiary (if the brother has died, the benefits will be paid to his daughter; if the sister has died, the benefits will be paid to her son).

You may designate any person(s) as a beneficiary and may change beneficiaries at any time. However if you are married and do not designate your spouse as sole primary beneficiary, your spouse must sign the Spousal Waiver Form.
